

Dear Year Two,

What a different two weeks it has been! As we approach the end of our second week of a new way of schooling, we thought it would be nice to check in with you all and say hi! The staff and children who are at school are in good spirits but are missing you all. We hope you've enjoyed spending time at home, making the most of your gardens or your daily walks and making memories together.

If you would like to send any updates of activities that you have been doing at home to the email address for your class, we would love to hear from you and will try our best to write back.

Look out for a special edition of the school newsletter where you'll be able to see what our school families have been up to whilst at home.

We miss you all lots and we're sure we'll be back together very soon. Wishing you a very happy Easter.

Lots of love from

Miss Down and Mrs Bergh xxx
