

Dear Parents/Carers,

We are excited to announce that we will be celebrating our **Science Week** from Tuesday 22nd April to Friday 25th April. The children will be participating in a variety of engaging and hands-on activities throughout the week linked the theme of '**Change and Adapt**'. As a special highlight, Chester Zoo will be visiting on Friday 25th April to share their expertise with the students.

For a non-compulsory homework, we are asking the children to produce something related to this theme. They might choose to create:

- A poem
- An investigation
- A model
- An info-graphic

The choice is theirs, as long as it has a connection to the theme. Please bring the completed work to their class teacher on **Tuesday 22nd April**.

We will be holding an exhibition to showcase all the projects that the children have created on **Wednesday 23rd April** from **3:00 pm to 4:00 pm** in the school hall.

We look forward to seeing the children's creative work at the exhibition and appreciate your support in encouraging their participation.

Many thanks,
Mrs Stewart
